Comparative Income Taxation A Structural

Comparative Income Taxation presents a comparative analysis of some of the most important structural and design issues which arise in income tax systems. In complex national income tax systems, structural and design variations from one country to another present major obstacles to the kind of comparative understanding that economic globalization requires.

Comparative Income Taxation. A Structural Tax Analysis ...

As in other legal domains, comparative study of income taxation can provide fresh perspectives from which to examine a particular national system. Increasing economic globalization also makes understanding foreign tax systems relevant to a growing set of transnational business transactions. Comparative study is, however, notoriously difficult.
