### Creating Cohousing: Building Sustainable Communities — The ...

This book is a good introduction to the concept of cohousing, that is, a neighborhood in which residents work together and share large common spaces (as well as common dinners) in order to foster a greater sense of community. The idea of cohousing sounds GREAT, and it's so in-depth that I can't really go into it here, but learning about this kind of community is a must for anyone who wants to raise their kids in a safe neighborhood, get to know their neighbors as people they can count on to be t
