necessarily democracies) also become satisfied with the status quo.

Explaining Zones of Peace: Democracies as Satisfied Powers ...

[citation needed] According to Weede, if the United States and its allies wanted to adopt a rationale strategy of forced democratization based on democratic peace, which he still does not recommend, it would be best to start intervening in countries which border with at least one or two stable democracies, and expand gradually. Also, research shows that attempts to create democracies by using external force has often failed.
