For trading purposes, the first currency listed in the pair is always the directional currency on a forex price chart. If the price is moving up on EUR/USD, it means the euro is moving higher relative to the U.S dollar. If the price on the chart is falling, then the euro is declining in value relative to the dollar.

Forex Trading: The Basics Explained in Simple Terms (Bonus ...

The aim of forex trading is simple. Just like any other form of speculation, you want to buy a currency at one price and sell it at higher price (or sell a currency at one price and buy it at a lower price) in order to make a profit. Some confusion can arise as the price of one currency is always, of course, determined in another currency.
