Having been originally authored by his father, the text is now in its 6th edition.

Our Orthodontists | Glenview & Vernon Hills | Graber ...

A major deficiency of this edition relates to the distinction

between orthodontic problems which are designated as being within the province of the general dental practitioner and those which are treatable only by the orthodontic specialist. Graber states that the treatment of incipient skeletal Class II and Class III malocclusions with "orthopedic force" extraoral appliances in the deciduous and early mixed dentitions "should play a part of everyday dental practice."
