"In Search of Certainty" is a brilliant piece of work by one of the most brilliant people I've ever met. Complex systems, like modern IT services, need to be understood from a perspective very different from traditional IT practice. The answers are rooted in science and Mark Burgess exposes this science like nobody else."

Human reason, based on the absolute of a rational God, is a valid instrument in the search for certainty -- Who decides what is right? : The absolute for morality. The universal sense of morality provides certainty of the existence of God, whose character defines goodness -- What's the point of it all? : The absolute for meaning.
