Textbook of Interdisciplinary Pediatric Palliative Care ...
Pediatric palliative care (PPC) literature was utilized to identify barriers for early initiation of palliative care at diagnosis among children with life-threatening diseases. Early integration of PPC enhances quality of life and reduces suffering in these children, but many clinicians fail to initiate advanced care planning, establish goals of care, and refer to specialists.

Palliative Care in Pediatric Oncology | SpringerLink
Pediatric palliative care (PPC) focuses on children and adolescents with life-limiting diseases. It may be initiated at various points of the disease trajectory, if possible early enough to support living with the best possible quality of life despite a limited lifespan. From birth to adolescence, children with a broad spectrum of diseases may benefit from PPC.
